Nurturing a community of believers to work together in fellowship with Christ

The Christian Church is one of the oldest and largest denominations founded on American soil, having its beginning in 1832. The symbol of the Christian Church (Disciples of Christ) is a red chalice. The color red signifies vitality, spirit and sacrifice, and points to the centrality of the Lord's Supper in the life and worship of the disciple.

The Christian Church of Connellsville was organized in 1832 and continues to be a visible and strong spiritual presence in the local community. The present building was dedicated in 1898 and is noted for its glorious stained-glass windows and beautiful sanctuary. The true history of the church, however, is not told by recounting the buildings occupied. Rather, it is a story of people worshiping and working together in fellowship with Christ. We face the future with joy and expectancy that a new pastor will lead a fellowship where people are spiritually fed and have an enthusiasm to build the Church of Jesus Christ, not for a day, but for always.
